

Maths Home Learning Step 4

Visual Stimuli

Allow me to develop my awareness of the environment by showing me spinning objects in my visual field. Do I show awareness and an interest in spinning objects in my visual field?

Sound Stimuli

Allow me to develop my awareness of the environment by showing me sound objects in my visual field. Do I show awareness and an interest in sound objects in my visual field?

Tracking

Show me different objects I like in my visual field. Allow me to explore the toy/object for short periods. Move the object left to right and right to left. Can I track objects in different directions?

Explore Playmat

Help to create me a playmat with different items I like. These could be sound, feely, vibrating or bright things. Together lets explore the playmat. You can add more items as I show more preferences.

Grasp

Show me different objects I like. Hold these objects out/away from me and encourage me to reach out and grasp the objects in my left and right hand.
