

## Maths Home Learning

### Step 5 and Step 6

#### Spin Toys

Show me different toys that spin by pressing on them for example, toddler spinning top. Together push the toy to make it spin. Can I press a toy to make it spin?

#### Knocking over a Tower

Help me by building towers of different sizes using different materials such as blocks, bricks, Duplo, cups etc... Together lets have some fun and knock over the tower. **Ready, Steady ... PUSH.** Repeat so I get plenty of opportunity. If I need help support me to knock the tower over. Can I knock over a tower?

#### Ball and Car Ramps

Give one object at a time. Can I place it on a ramp with or without support. Will I watch it fall from top to bottom?

#### Beater Toys

Help me to explore and increase my awareness in holding a beater to hit objects e.g. xylophone or drum. Can I use a beater to hit different toys?

#### Tactile Materials

Help me to explore and increase my awareness when holding different tactile materials. Give me items in one hand and encourage me to hold it. Help me to squeeze the material/object in one hand and two hands. Repeat with other objects.
