24th January 2024

Dear Families

On Wednesday 7th February we will be supporting the NSPCC by taking part in Number Day. Children can come dressed in anything that may include numbers! This may be a sports top, cap, clothing with numbers on, or you could be creative and make your own top with your child! Some examples may include a darts board, calculator, phone, a dice image, a list, money, ruler, scales, clock, bus or train! *(If you can't find anything number related- anything maths related e.g., shapes or colours would be fine too).*

To donate to NSPCC please scan the QR code above- this is our unique Orchard School donation link.

Your child will be taking part in a number activity at school, here are some ideas of number activities you could do at home with your child too.

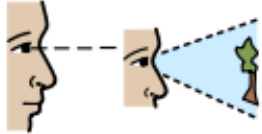

- Sing 5 Little Ducks
- Drumming or clapping beats of different numbers
- Games that include 1,2,3- Go!
- Finding items with numbers on around the house (washing machine, phone, remote control)
- Find items with numbers on in the community (road signs, buses, door numbers)
- Count the steps as you walk up them
- Play games using a dice – snakes and ladders

If you do any of these activities, it would be great to share them with us using the Evidence for Learning app! Attached is an Aided Language Display for you to print and use with your child.

Many thanks

Laura Valentine
Head of Teaching & Learning

 I	 want	 look/see		 finish	123 Number
 you	 more	 stop			1 .
 good	 like		 oh no		2 .
 bad	 help			 what	3 .
			 no		4 .
