

## Maths Home Learning Step 7 and Step 8

### Shape Sorters

Give me one shape at a time. Can I post it in the hole? If I need help show me which side the hole is on.

### Object to object matching

You will need two sets of objects that are the same. Place one set out on the table and put the matching group to one side. You will need to show me how to find the same objects one at a time.

Let me have a go! Give me one object at a time and see if I can find the same. Have a go with groups of 3 or 4 objects.

### Object to Picture Matching

You will need pictures to match objects. These can be objects you already have at home. Place the pictures on the table and show me the objects that are the same.

Now its my turn. Give me one object at a time, can I find the picture that is the same.

### Pull String Toys

Show me how to pull the string on the toy. Can I pull the string to make different toys work?

### Pop Up Toys

Help me to press, twist, push, and turn the buttons to make the toy pop.
